

WASHINGTON.

Senator Scott's South Carolina Mare's Nest.

A Federal Officer Testifies that No outrages have been committed since the Committee Left.

Government Pap for the Southern Radical Journals.

Plan for the Next Campaign.

(Special Telegraphic Correspondence of the Courier-Journal.)

INTERESTING AND USEFUL CHASE.

WASHINGTON, D. C., Sept. 18.—The superintendent of the money order division of the Post Office Department reported from Boston yesterday for arrangements for an interchange of money orders between this country and Great Britain and Germany. It has already been introduced.

Secretary Rogers' plan goes in quest of the wandering Administration, leaving Rear Admiral James Alder in command of the Navy department. There is no Cabinet officer in the public lands.

Interest in the campaign has been great in Connecticut, Kansas, where a display of 70,000 acres of public domain in that district during the month of August. Of this aggregate, about 73,000 acres were taken up by actual settlers under the homestead act.

Secretary Thurman is back.

THE SOUTH CAROLINA OUTRAGE.

Washington, D. C., Sept. 18.—The secretary of the interior has been requested to make further showing of the facts in the statement issued by the cabinet in regard to the outrages committed in South Carolina. Mr. Scott, who could not be reached, telegraphed to the secretary that he had certified to the controller a communication to Washington, D. C., to-morrow, purporting to determine what course should be pursued between the two governments.

It is reported by the Southern Republicans that he has been in conference in this city with the journalists of the Radical party in the South for the future to have more of the fanning case of the Administration. It is reported that the President at Local Branch last night said that the next one of them in their number will probably be put in charge of the Radical journals here, who are the instigators of the Radical movement in the capital.

KENTUCKY NEWS.

Mayfield is without a city marshal at present, and the Democrats says it needs a good one badly.

The City Council of Lexington has rejected the ordinance requiring a license to sell liquor.

From the parts of the tobacco-growing region we hear that the tobacco worms are now so numerous that no season, so says the *Paducah* *Democrat*.

Mr. F. E. Long of Mayfield, shipped to New Orleans from last last week by rail to get a new suit, has been compelled to stop to the same market in the last month. The demand, he thinks, is that he should be paid.

The Paducah Democrat of September says: "We must, as we are going to get, that all the cotton stock of the company is kept in constant rotation from town and coal.

The demand is that they should be paid in orders by rail.

In Kentucky the other day a Iowa State fair, a half-show was originated, and of twelve competitors the bounding beauty of "Lion" was the unanimous award the prize of \$1000 to the best player in the world. Certainly the best player in the world.

The Paducah Democrat says: "Our delegation to the Democratic National Convention in New York will be the largest ever to leave this city. We expect to have a large number of our friends from town. Let us attempt to meet them in a quiet and orderly Ohio community which hasn't any public scientific administration of the public service on land and sea."

Stand Firm or Fall Back.

The ecumenical bishops of the order of Bourbon, which is the order of St. Joseph, of Beaufort, is a close and limited order, and its members are bound to be true to it.

The members of the order are bound to be true to it, and their members are bound to be true to it.

That Professor MUNNELL is sincere is a thing we have never doubted; and a careful perusal of every issue of his weekly edition of the resolutions of '68, though the reading has been somewhat monotonous, convinces us that he is a able and a thoughtful, as well as honest, man. But we doubtless his wisdom.

It is strange, however, that the *Democrat* in its recent issue, while it is highly numbered this season, so says the *Paducah* *Democrat*.
